1. INTRODUCTION

The declaration of COVID-19 as a global pandemic by the World Health Organisation led to the disruption of effective teaching and learning in many schools in South Africa. The majority of learners in various grades spent less time in class due to the phased-in approach and rotational/ alternate attendance system that was implemented by various provinces. Consequently, the majority of schools were not able to complete all the relevant content designed for specific grades in accordance with the Curriculum and Assessment Policy Statements in most subjects.

As part of mitigating against the impact of COVID-19 on the current Grade 12, the Department of Basic Education (DBE) worked in collaboration with subject specialists from various Provincial Education Departments (PEDs) developed this Self-Study Guide. The Study Guide covers those topics, skills and concepts that are located in Grade 12, that are critical to lay the foundation for Grade 12. The main aim is to close the pre-existing content gaps in order to strengthen the mastery of subject knowledge in Grade 12. More importantly, the Study Guide will engender the attitudes in the learners to learning independently while mastering the core cross-cutting concepts.

2. HOW SHOULD WE USE THIS STUDY GUIDE?

1. This study guide addresses content and offer strategies to understand the preparation of the Statement of Financial position, in a piecemeal approach, with consolidation activities to conclude.
2. The explanations and activities are intended to supplement the work you may have covered in class or have gained from textbooks.
3. They proceed from the short, simple focused examples to more complex calculations and interpretation of information.
4. It is important to allocate sufficient time to:
 - Carefully read the explanations provided and underline or highlight key concepts, difficult vocabulary, important dates and relevant amounts.
 - Interrogate the worked example to gain an understanding of the message being conveyed or the sequence of events being illustrated.
5. Attempt the activities on your own; make constant reference to the explanatory notes, but avoid referring to the suggested answers before completing an activity.
6. Compare your answers to the suggested answers attached, and do your corrections using a different colour ink. Note that you will learn more by discovering your weaknesses (when you get things wrong), and making an effort to understand why your thinking was out of line with what was expected.
7. The activities provided may not be sufficient to perfect your skills. Always refer to similar questions from past examination papers for this purpose. Repetitive practice is always valuable.
8. Become familiar with the use of Answer Books and prepared writing material as this is the trend with all Accounting examinations.

PRE-AMBLE:

- The Statement of Financial Position is covered in Term 1, under Financial Statements of Companies.
- It will feature in the Accounting P1 (Financial Reporting and Evaluation).
- Recent trends on this topic focus mainly on preparation of the complete Statement of Financial Position and specific notes, assessment can also focus at the preparation of Statement of Comprehensive Income and a section of the Statement of Financial position.
- Missing amounts can also be calculated using the financial indicators relevant to the Statement of Financial Position.
- Statement of Financial Position can be integrated with the “Interpretation of Financial Statements, Auditing or Corporate Governance and all this these integrated topics are assessed in a separate Question.

3. STATEMENT OF FINANCIAL POSITION

A BASIC EXPLANATION

The **Balance Sheet is a Financial Statement** that is usually prepared at the end of the accounting period (a financial year) to show the financial position of a business in terms of its assets, liabilities and equity.

A list of commonly used concepts with explanations is provided below. You are advised to compile a list of additional concepts relating to Balance Sheet.

3.1 KEY CONCEPTS

CONCEPT	EXPLANATION
Assets	These are business possessions used to generate profit and are classified into two categories, namely Non-current Assets and Current Assets.
Non-current Assets	These are not intended for resale and they last for a long period, more than a year. Examples are Land and buildings, equipment etc.
Current Assets	These are liquid and include assets that can be easily converted into cash within a short period of time (within a year), e.g. cash and cash equivalents, inventories and trade and other receivables.
Liabilities	These are amounts owed by a person or business to another. They are classified into two categories namely, Non-current Liabilities and Current Liabilities.
Non-current Liabilities	Are long-term debts repayable beyond the period of one year, example is a mortgage loan.
Current Liabilities	Are short-term debts repayable within a period of 12 months e.g. trade and other payables and current portion of loan.
Shareholders' Equity	Total amount attributable to shareholders, it consist of ordinary share capital and retained income.
Ordinary shares	A type of shares that entitle the owners to dividends that vary in amount according to the profits made by the business.
Authorised share capital	The maximum number of shares a company may sell according to the company's Memorandum of Incorporation.
Issued share capital	The number of shares that have been sold to the public.
Retained Income	A portion of the profit after tax that has not been paid out to the shareholders in dividends but kept (retained) for future growth of the company.
Income tax	Tax levied by the government (SARS) on income earned by individuals or companies.
SARS	The government department to whom the company must pay income tax on the profits and VAT when due.
Dividends	Profits shared amongst the shareholders in proportion to the number of shares held, it is normally expressed as cents per share
Interim	Dividends paid to the shareholders during the financial year.
Final	Dividends declared (recommended) to the shareholders at the end of the financial year.
Shareholders for dividends	The amount owing to shareholders for dividends declared but not yet paid.
Short term loan	The portion of long term debt that is payable within a period of one year, in the next financial year.

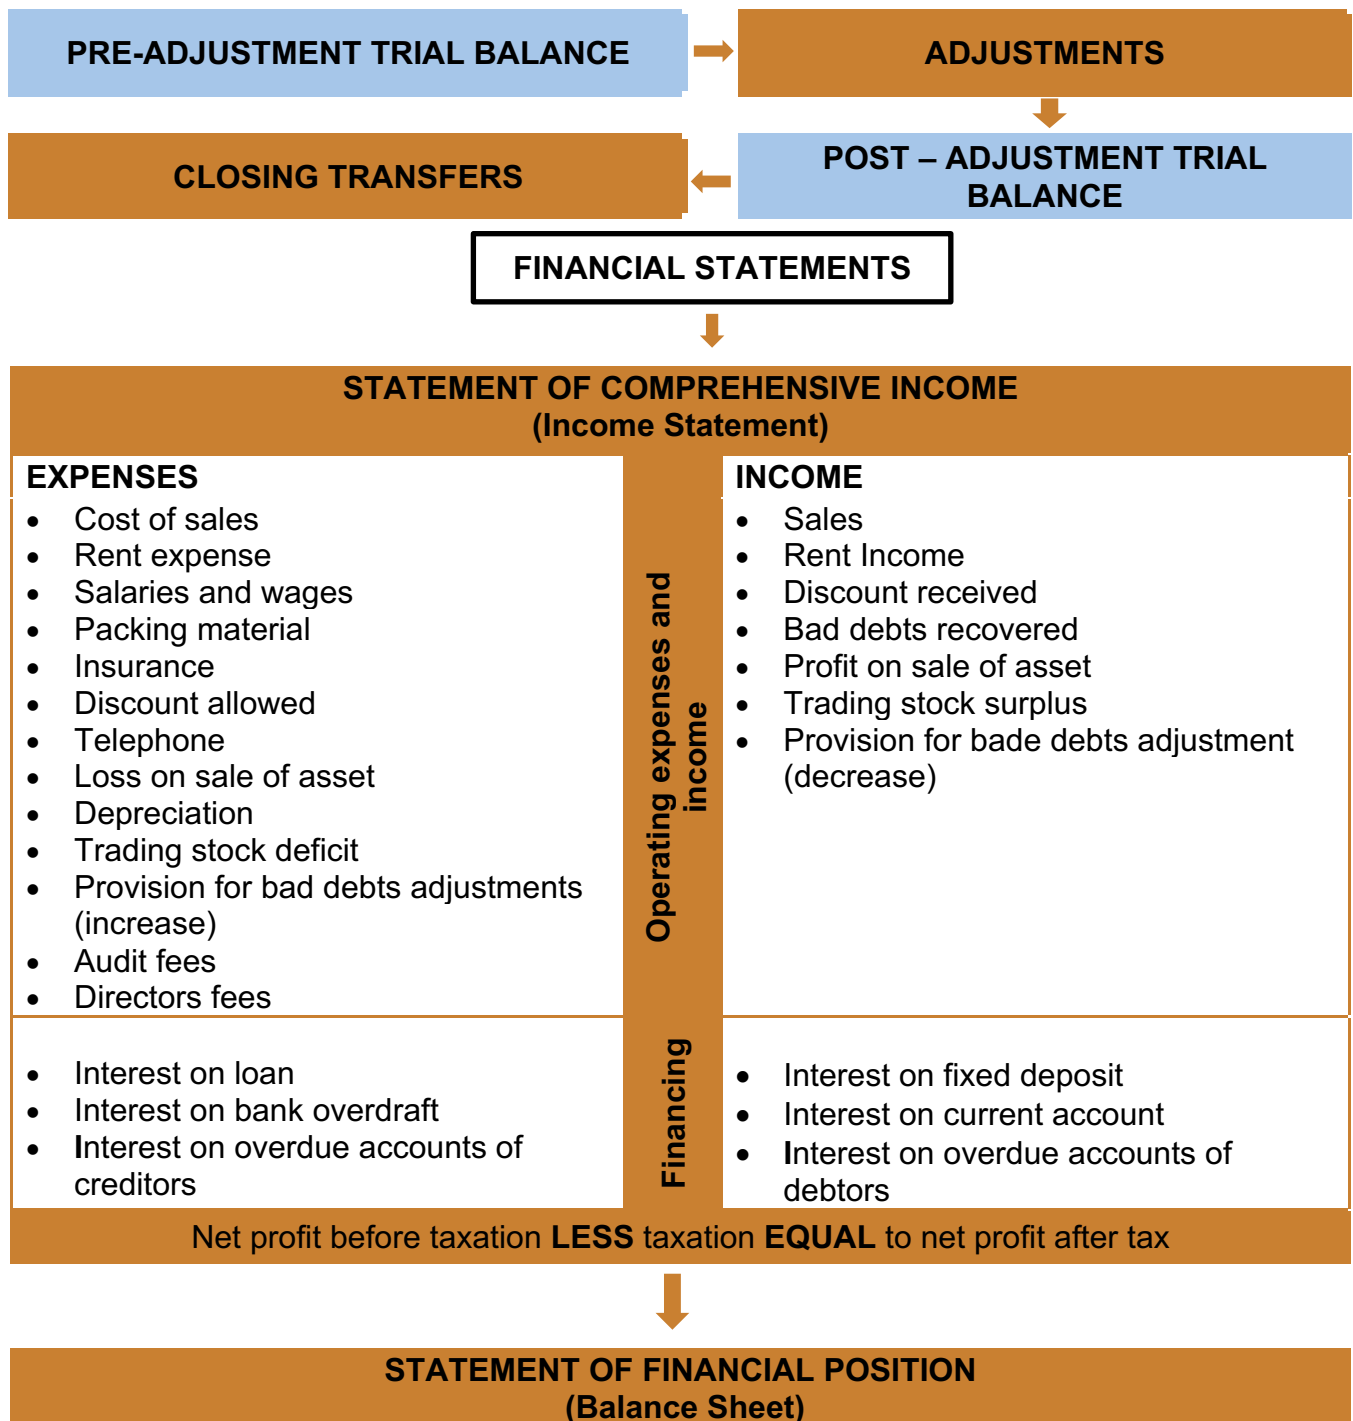

PRIOR KNOWLEDGE (Content you would have covered in previous Grades)

- General Ledger and Accounting Equation
- Balance Sheet accounts and Nominal accounts (Trial Balance)
- An understanding of the Income Statement and adjustments
- Balance Sheet of a sole trader and Balance sheet of a partnership

The Statement of Financial Position and the Balance Sheet will be used interchangeably throughout this study guide.

A REFLECTION OF THE YEAR-END CYCLE OF ACTIVITIES

BASELINE ACTIVITY

REQUIRED

Provide a list of accounts that will be recorded in the Balance Sheet ,use the following structure to classify:

Assets	Liabilities	Equity

SUGGESTED ANSWER

Assets	Liabilities	Equity
<ul style="list-style-type: none"> • Tangible assets • Fixed deposit • Inventories • Trade and other receivables • Cash and cash equivalents 	<ul style="list-style-type: none"> • Loan • Trade and other payables • Shareholders for dividends • Short term loan • SARS - income tax • Bank overdraft 	<ul style="list-style-type: none"> • Ordinary share capital • Retained income

CLASSIFICATION OF BALANCE SHEET ACCOUNTS			
Non- Current Assets	Current Assets	Shareholder's Equity	Current Liabilities
Tangible Assets <ul style="list-style-type: none"> ○ Land and Buildings ○ Vehicles ○ Equipment Financial Assets <ul style="list-style-type: none"> ○ Fixed Deposit 	Inventory <ul style="list-style-type: none"> ○ Trading stock ○ Consumable stores on hand Trade and other receivables <ul style="list-style-type: none"> ○ Debtors Control ○ Provision for bad debts ## ○ Accrued income ○ Prepaid expenses ○ SARS –Income Tax *** Cash and cash equivalents <ul style="list-style-type: none"> ○ Bank ○ Petty cash ○ Cash float ○ Fixed deposit (receivable within 12 months) 	<ul style="list-style-type: none"> ○ Ordinary share capital *** ○ Retained Income *** 	Trade and other payables <ul style="list-style-type: none"> ○ Creditors Control ○ Accrued expenses ○ Income received in advance / Deferred income ○ SARS –Income Tax *** ○ Shareholders for dividends *** ○ Short term loan (payable within 12 months) Bank Overdraft
		Non-Current Liabilities <ul style="list-style-type: none"> ○ Long term loan 	

3.2 STRUCTURE OF THE STATEMENT OF FINANCIAL POSITION

The content progression and content overlap across the FET phase is illustrated in the table below:

EQUITY SECTION OF THE BALANCE SHEET								
Grade 10			Grade 11			Grade 12		
Owner's Equity		xxxx	Partners' Equity		xxxx	Shareholders' Equity		xxxx
Capital	7	xxxx	Capital Accounts	7	xxxx	Ordinary Share Capital	7	xxxx
			Current Accounts	8	xxxx	Retained Income	8	xxxx

FORMAT OF COMPANIES STATEMENT OF FINANCIAL POSITION (BALANCE SHEET)		
	Notes	R
ASSETS		
NON-CURRENT ASSETS		xxxxx
Tangible/ Fixed assets	3	xxxx
Financial assets		
Fixed deposits		xxxx
CURRENT ASSETS		xxxxx
Inventories	4	xxx
Trade and other debtors	5	xxx
Cash and cash equivalents (Include fixed deposit maturing in 12 months)	6	xxx
TOTAL ASSETS		xxxxx
EQUITY AND LIABILITIES		
CAPITAL AND RESERVES / SHAREHOLDERS' EQUITY		xxx
Ordinary share capital	7	xxx
Retained income	8	xx
NON-CURRENT LIABILITIES		xxxx
Mortgage bond (repaid over a long period ,longer than 12 months)		xxxx
CURRENT LIABILITIES		xx
Trade and other creditors	9	x
Bank overdraft		x
Short-term loans (portion of long term loan payable within 12 months)		xx
TOTAL EQUITY AND LIABILITIES		xxx

New items

- Ordinary Share capital
- Retained Income

Creditors include SARS-income tax payable and Shareholders for dividends

Relationship between the Balance Sheet and the Accounting Equation

Balance Sheet

Basic Accounting Equation

Non-Current Assets	EQUAL TO	Equity	Assets	=	Equity	+	Liabilities
PLUS		PLUS					
Current Assets		Liabilities					

Note the following :

Assets		Equity		Liabilities	
Debit	Credit	Debit	Credit	Debit	Credit
Increase +	Reduce -	Reduce -	Increase +	Reduce -	Increase +
		When equity and liabilities: <ul style="list-style-type: none"> ○ Increase they are CREDITED ○ Reduce they are DEBITED 			

3.3 NOTES TO THE STATEMENT OF FINANCIAL POSITION (BALANCE SHEET)

3.3.1 ORDINARY SHARE CAPITAL AND RETAINED INCOME NOTES

Ordinary Share Capital			
xxx	Ordinary shares at beginning of year	xxx	If shares are repurchased BEFORE an additional issue, use the opening balance to calculate the average share price.
xxx	Shares issued during the year at Rx	xxx	If shares are repurchased AFTER the issue: $\frac{\text{Value of shares at beginning PLUS issued}}{\text{Number of shares at beg Plus issued}} = \text{Average price}$
(xxx)	Shares repurchased at average price	(xxx)	Shares repurchased are recorded at the average share price (below the price paid for shares).
xxx	Ordinary shares in issue at end of year	xxx	The closing balance can also be used to calculate the average share price, if the repurchase is the last transaction for the year.
	Number of shares		Value of shares

Retained Income		
Balance at the beginning of the year	xxx	Retained income balance at the beginning of the year (closing balance of the previous year)
Net profit after tax	xxx	Net profit after tax as it appears on the Income Statement
Repurchase of shares	(xxx)	Amount paid above AVERAGE PRICE for the repurchased shares
Ordinary share dividends	(xxx)	Interim PLUS final dividends
- paid	xxx	Interim dividends PAID during the year
- recommended	xxx	Final dividends DECLARED but not paid / dividends owed to shareholders
Balance at the end of the year	xxx	This balance is transferred to the Balance sheet
ALL the bracketed figures reduce the retained income.		

EXAMPLE 1

JOZI LIMITED

You are presented with information from the records of Jozi Limited. The financial year-end is 28 February 2021

Prepare the following notes to the Balance Sheet:

- Share capital
- Retained income

INFORMATION

A The authorised share capital consists of 750 000 ordinary shares. On 1 March 2020, only 60% of the shares were in issue.

B Information extracted from financial records of Jozi Limited:

	28 Feb 2021	29 Feb 2020
Ordinary share capital	?	3 215 000
Retained income	?	322 500
Total ordinary shareholders' equity	?	3 537 500
Interim dividends paid on 31 August 2020	270 000	
Net profit after tax	812 700	

ADDITIONAL INFORMATION

- On 1 November 2020, the company issued a further 80 000 shares at R9, 50 per share.
- On 28 February 2021, the directors decided to repurchase 75 000 ordinary shares from the estate of a shareholder who had died. This shareholder had originally purchased his shares on the JSE at various times and at different prices. A repurchase price of R10, 40 was accepted as a fair price.
- On 27 February 2021, a final dividend of 40 cents per share was declared. All shares, including the new shares issued and repurchased, qualify for final dividends.

WORKED EXAMPLE 1

ORDINARY SHARE CAPITAL AUTHORISED SHARE CAPITAL

750 000 ordinary shares

ISSUED SHARE CAPITAL

450 000	Ordinary shares on 1 March 2020	3 215 000
80 000	Ordinary shares issued during the year	760 000
(75 000)	Ordinary shares repurchased (75 000x7.50)	(562 500)
455 000	Ordinary shares in issue on 28 February 2021	3 412 500

Shares issued at beginning : 750 000 x 60% = 450 000	Repurchased shares: $\frac{R3\ 215\ 000 + R760\ 000}{450\ 000 + 80\ 000} = R7.50$	Average share price: ADD the issued shares during the year to the opening balance
Shares issued in November : 80 000 x 9.5 =760 000		

NOTE:

- o The shares bought will be recorded in the above note at an average price of R7.50
- o The difference of R2.90 will be recorded in the Retained income note (R10.40 – R7.50)

RETAINED INCOME

Balance on 1 March 2020	322 500	
Funds used for share buyback (75 000 X 2.90)	(217 500)	This figure should be in brackets. Reduces RI
Net profit after tax	812 700	
Ordinary share dividends	(482 000)	Dividends reduce the retained income
• Interim dividends	270 000	Paid during the year
• Final dividends (530 000 x 40 cents)	212 000	Declared -will be recorded under current liabilities
Balance on 28 February 2021	435 700	

NOTE: The final dividends are paid to all the shares (issued and bought back)

Calculations : 450 000 + 80 000 = 530 000

OR

455 000 +75 000 = 530 000

EXAMPLE 2

2.1 POOBIE LTD

You are provided with information for the financial year ended 28 February 2021.

REQUIRED:

Complete the following notes to the Balance Sheet (Statement of Financial Position) on 28 February 2021, the financial year-end:

- 2.1.1 Notes to the Balance Sheet (Statement of Financial Position) for:
- Ordinary share capital
 - Retained income

INFORMATION:

A. Balances/Totals for February:

	2021	2020
Ordinary share capital	8 960 000	6 020 000
Retained income	?	434 000
Fixed assets at book value	9 823 405	
Loan: Protea Bank	?	360 000
SARS: Income tax (Dr)	11 340	

B. Additional information

Share capital and dividends:

Authorised share capital: 2 000 000 ordinary shares

1 March 2020	1 000 000 of the shares were in issue.
31 April 2020	Interim dividends paid: 35 cents per share.
1 May 2020	New shares issued at a price of R5 per share.
31 January 2021	100 000 shares were repurchased at 25% above the average share price. These shares qualify for final dividends. The relevant entries have not been made in this respect.
28 February 2021	NOTE: Only 80% of shares were in issue. A final dividend of 10 cents per share was declared.

WORKED EXAMPLE 2

ORDINARY SHARE CAPITAL

AUTHORISED SHARE CAPITAL

2 000 000 ordinary shares

ISSUED SHARE CAPITAL

1 000 000	Ordinary shares at the beginning	6 020 000
700 000	Ordinary shares at R5	3 500 000
(100 000)	Repurchase of shares at R5,60	(560 000)
1 600 000	Ordinary shares on 28 February 2021	8 960 000

- Number of issued shares at end of year is $2000\ 000 \times 80\% = 1\ 600\ 000$
- Average share price is $R8\ 960\ 000 \div 1\ 600\ 000 = R5.60$
- Number of shares issued is: $1\ 600\ 000 + 100\ 000 - 1\ 000\ 000 = 700\ 000$
- **BOTTOM UP** calculations –change the signs as you move upward, the sign for 1 600 000 shares **WILL NOT CHANGE**.
- The T Account can also be used to determine the shares issued

RETAINED INCOME

Balance on 1 March 2020	434 000
Net profit after tax	850 000
Repurchase of shares (100 000 x 1,40) OR (560 000 x 25/100)	(140 000)
Ordinary share dividends	(520 000)
Paid (1 000 000 x 35/100)	350 000
Recommended (1 700 000 x 10/100)	170 000
Balance on 28 February 2021	624 000

- **INTERIM DIVIDENDS**- used 1000 000 shares in issue at the beginning of year, movement in shares took place in May.
- Shares are bought at 25% above i.e., $R5.60 \times 25\% = R1.40$
 - The actual cash paid for each share is $R5.60 + R1.40 = R7.00$
[This amount will be recorded in the Cash flow statement]
 - OR
 - $R5.60 \times 125/100 = R7.00$

ACTIVITY 1

STONEY LTD

The information below was extracted from the accounting records of Stoney Ltd on 28 February 2021

REQUIRED:

1.1 Prepare the following notes to the Financial Statements for the year ended 28 February 2021:

- Ordinary Share Capital
- Retained Income

INFORMATION:

A. Balances

The balances for 2021 were extracted from the accounting records before the adjustments and additional information were taken into account:

	28 February 2021	29 February 2020
Balance Sheet accounts section		
Ordinary share capital	R?	R1 275 000
Retained income	?	28 900

B. Figures extracted from the financial records on 28 February 2021

	R
Depreciation	78 350
Income tax paid	112 000
Money received from the issue of new shares	220 000
Payment for shares repurchased	120 000

C. Share capital and dividends

- Stoney Ltd has an authorised share capital of 400 000 shares.
- 300 000 shares were in issue on 1 March 2020.
- 20 000 shares were repurchased on 1 October 2020 from the estate of a deceased shareholder.
- 40 000 new shares were issued on 28 February 2021. These shareholders do not qualify for final dividends.
- An interim dividend of 10 cents per share was paid on 28 August 2020.
- A final dividend of 20 cents per share was declared on 28 February 2021.

D. Income tax was calculated at 28% of the net profit for the year.

3.3.2 TRADE AND OTHER PAYABLES NOTE

Trade and other payables	
Trade creditors	The balance of creditors at the end of year amongst others will be affected by TRANSFER of creditors to debtors or TRANSFER from debtors to creditors.
Accrued expenses/payable expenses	Expenses ADDED in the Income statement
Income received in advance (deferred)	DEDUCTED from income statement –not relevant to current year
Creditors for salaries	Gross Wages LESS deductions
SARS (PAYE)	DEDUCTED from the salaries or gross wages
Pension Fund	Pension DEDUCTED from employees' salaries PLUS employers' contribution.
Medical Aid Fund	Medical fund deducted from employees' salaries PLUS employers contribution.
Shareholders for dividends	Dividends declared at end of year and is still due.
SARS (income tax)	Amount owing to SARS at end of year. Refer to ledger below.
Short term loan / Current portion of loan	Portion of loan DEDUCTED from Long term loan

GENERAL LEDGER									
SARS – Income Tax Account									
2020 Mar	20	Bank	CPJ	9 000	2020 Mar	01	Balance	b/d	9 000
2020 Aug	31	Bank	CPJ	125 000	2021 Feb	28	Income Tax	GJ	375 000
2021 Feb	15	Bank	CPJ	200 000					
	30	Balance	c/d	50 000					
				384 000					384 000
					2021 Mar	1	Balance	b/d	50 000

- This amount will be recorded in the Balance Sheet **OR** under Trade and other payables
- A debit balance of SARS-Income tax will be recorded under trade and other receivables

NOTE : The figures above are used to illustrate the different transactions that affect this account over the financial period.

ACTIVITY 2

PHESWA LTD

You are presented with information from the records of Pheswa Ltd. The financial year- end was 28 February 2021.

REQUIRED:

2.1 Prepare the following notes to the Balance Sheet:

- 2.1.1 Ordinary share capital (11)
- 2.1.2 Retained income (14)
- 2.1.3 Trade and other payables (9)

INFORMATION:

A. List of balances extracted on 28 February 2021, unless otherwise stated:

Ordinary share capital (1 March 2020)	R4 022 000
Retained income (1 March 2020)	413 220
Inventories (Trading Stock)	442 700
Debtors' Control	305 240
Creditors' Control	219 400
Bank overdraft	57 480
Fixed deposit (R60 000 matures on 30 June 2021)	230 000
Long term loan	946 500
SARS: Income tax (provisional income tax payments)	147 770
Accrued expenses	16 490
Income received in advance	8 880

B. Share capital and dividends:

- The authorised share capital comprised 1 200 000 ordinary shares.
- On 1 March 2020, 60% of the shares were in issue.
- On 30 June 2020, the directors issued a further 200 000 at R6, 80 each.
- On 31 August 2020, an interim dividend of 13 cents per share was paid to all shareholders on the share register.
- On 31 October 2020, 100 000 ordinary shares were repurchased at R7, 00 per share. These shareholders did not qualify for final dividends.
- A final dividend of 27 cents per share was declared on 28 February 2021.

C. Net profit and income tax

- The net profit before tax amounted to R535 000.
- The provisional tax payments did not cover the total income tax for the year. An amount of R12 730 was still due to SARS.

D. 20% of the long term loan is payable in the next 12 months.

3.3.3 TANGIBLE ASSETS AND TRADE AND OTHER RECEIVABLES

Tangible Assets			
	Land and Buildings	Vehicles	Equipment
Carrying value at beginning (H)	xxx	xxx	xxx
Cost (A)	xxx	xxx	xxx
Accumulated depreciation (B)	(xxx)	(xxx)	(xxx)
Movements			
Additions at cost (C)	xxx	xxx	xxx
Disposals at carrying value (D)	(xxx)	(xxx)	(xxx)
Depreciation for the year (E)		(xxx)	(xxx)
Carrying value at end of year (I)	xxx	xxx	xxx
Cost (F)	xxx	xxx	xxx
Accumulated depreciation (G)		(xxx)	(xxx)

H = A – B
Cost **LESS** Acc Depreciation equals to Carrying Value

Asset disposed @ Carrying value = Cost Price **LESS** Accumulated depreciation

F = A + C - Cost price of Asset disposed OR Cost at beginning PLUS additions LESS Cost price of asset disposed

G = (B + E) LESS Accumulated depreciation on asset sold

Trade and other receivables		
Trade debtors	xxx	Refer to explanation on trade and other payables (3.3.2) and the information provided below (NOTE).
Provision for bad debts	(xxx)	Debtors from balance(s) LESS OR PLUS adjustments affecting debtors multiplied by a percentage provided.
Net trade debtors	xxx	Balance of debtors REDUCED by provision for bad debts
Accrued income	xxx	Accrued income is also ADDED in the Income statement
Prepaid expenses	xxx	These amounts are DEDUCTED in the Income statement
SARS (income tax) (Dr)	xxx	Amount owed by SARS at the end of the year .Refer to the note on trade and other payables

NOTE :

- Adjustments on goods returned will reduce debtors balance
- Goods sold will increase the debtors balance
- Transfer of debtors with credit balances will increase the debtors balance
- Bad debts written off will reduce the debtors balance

EXAMPLE 3 –TANGIBLE ASSETS

REQUIRED

You are presented with information from the records of Fanyana Ltd. The financial year ends on 28 February 2021.

3.1.1 Calculate depreciation on the following assets:

- Equipment (16)
- Vehicles

3.1.2 Calculate the profit or loss on sale of an asset (5)

3.1.3 Complete the note on tangible assets (20)

INFORMATION A

TANGIBLE ASSETS

	Land and Buildings	Equipment	Vehicles
Carrying Value on 01-03-2020	800 000	50 000	?
Cost	800 000	400 000	300 000
Accumulated Depreciation	-	(350 000)	?

INFORMATION B

EQUIPMENT

- Fanyana Ltd has two ovens that were bought for R 200 000 each. Accumulated depreciation on these ovens on 1 March 2020 was R 350 000. The business has had these ovens for more than five years, and they are expected to be used productively for another three years.
- A new oven was bought on credit from Diane Suppliers for R250 000 on 1 December 2020.
- Depreciation on equipment is calculated at 15% p.a. on cost price.

VEHICLES

- A van (Isuzu 225), bought on 1 March 2018 for R300 000, was sold for R220 000 cash on 1 September 2020.
- Two Hino 365 vans were bought on 31 May 2020 for R 325 000 each. The funds were transferred electronically to the motor dealer.
- Depreciation is calculated at 20% p.a. on the carrying value.

WORKED EXAMPLE 3

CALCULATIONS FOR DEPRECIATION	
Old Equipment	New Equipment
$50\,000 - (R1 \times 2) = 49\,998$	$250\,000 \times 15\% \times 3/12 = 9\,375$
Vehicles	
Sold:	
Year one $300\,000 \times 20\% = 60\,000$	
Year two $(300\,000 - 60\,000) \times 20\% = 48\,000$ 240 000	
Year three $(300\,000 - 60\,000 - 48\,000) \times 6/12 \times 20\% = 19\,200$ 192 000	
New :	
$(325\,000 \times 2) \times 9/12 \times 20\% = 97\,500$ 650 000	

Calculation for profit or loss on sale of an asset

$300\,000 - (60\,000 + 48\,000 + 19\,200) - 220\,000 = 47\,200$			
Cost price	Accumulated depreciation	Cash sales	Profit on sale of asset

OR

Asset Disposal Account			
Vehicle	300 000	Acc Depreciation on Vehicles (60 000+48 000+19 200)	127 200
Profit on sale of an asset	47 200	Bank	220 000
	347 200		347 200

STRATEGY

- Old equipment –always check the **cost price** and **accumulated depreciation**, if amounts or closer to each other, the depreciation calculated is likely to exceed the carrying value.
- The accumulated depreciation of assets must not exceed the cost price of an asset or the **current depreciation** must not exceed the **carrying value**.
- Always verify the calculations before subtracting the **residual value of R1**
- Separate the calculations for :New assets ,old assets and sold asset (**SON**)

NOTE ON TANGIBLE ASSETS – 28 FEBRUARY 2021			
	Land and Buildings	Vehicles	Equipment
Carrying value (01 March 2020)	800 000	192 000	50 000
Cost	800 000	300 000	400 000
Accumulated depreciation		(108 000)	(350 000)
MOVEMENTS			
Additions at cost	200 000	650 000	250 000
Disposal at carrying value (300 000 -127 200)	-	A (172 800)	-
Depreciation	-	B (116 700)	C (59 373) Check depreciation
Carrying value (28 February 2021)	1 000 000	552 500	240 627
Cost	1 000 000	D 650 000	650 000
Accumulated depreciation	-	E (97 500)	F (409 373)

CALCULATIONS

A. $300\ 000 - (60\ 000 + 48\ 000 + 19\ 200) = 172\ 800$

127 200

Cost **LESS** accumulated depreciation **EQUALS** to carrying value

B. $19\ 200 + 97\ 500 = 116\ 700$ (current depreciation)

C. $49\ 998 + 9\ 375 + 59\ 373$ (current depreciation)

D. $300\ 000 + 650\ 000 - 300\ 000 = 650\ 000$ (Bal at beginning **PLUS** new **LESS** sold)

E. $(60\ 000 + 48\ 000 + 19\ 200 + 97\ 500) - (60\ 000 + 48\ 000 + 19\ 200) = 97\ 500$

108 000

116 700

127 200 (Accumulated depreciation of asset sold)

F. $350\ 000 + 59\ 373 = 409\ 373$

STRATEGY

- Before you calculate the depreciation check the difference between cost and accumulated depreciation or the carrying value.
- A small balance of carrying value or the cost price that is closer to accumulated depreciation is a sign that our asset is about to be fully depreciated.
- Always check the number of assets that are about to be fully depreciated ,for one asset the residual value will be R1 ,but if there are three assets your residual value will be R3 (R1 x3).
- Asset disposed at carrying value: the calculation is cost price less accumulated depreciation at beginning of year and current depreciation affecting the asset disposed.
- If there are missing figures from the note use the **BOTTOM UP** calculation approach, as suggested in your note for share capital (example 2).

ACTIVITY 3

The following information relates to Jama Limited on 30 June 2020. The business uses the perpetual inventory system.

REQUIRED:

Prepare the Notes to the Statement of Financial Position (Balance Sheet) for:

- Tangible Assets
- Trade and other receivables

Extract from the accounting records on 30 June 2020:

	Debit	Credit
Land and Buildings (carrying value) - 1 July 2019	1 500 000	
Vehicles at cost - 1 July 2019	980 000	
Vehicles at carrying value - 1 July 2019	185 000	
Equipment at cost - 1 July 2019	500 000	
Accumulated depreciation on Equipment - 1 July 2019		210 000
Debtors' control	138 500	
Provision for bad debts		7 850
Equipment traded-in (trade-in value)	65 050	
Rent income		191 100
Advertising	22 950	
Repairs	510 340	

Adjustments and additional information:

- On 10 October 2019, N. Kokolo, a debtor, returned goods. A credit note for R2 100 (cost price, R1 200) was issued to her. No entries were made for the return of goods and the goods were returned to stock.
- Provision for bad debts must be increased to R10 000.
- The monthly rent was increased by R700 from 1 March 2020. The tenant paid R3 500 for repairs to premises and he deducted the amount from the rent that he paid in May 2020. Repairs were not recorded and the rent for June 2020 has not yet been received.
- Advertising contract for the 9 months ending 30 September 2020 was signed and paid on 1 January 2020.
- An amount of R750 received from a debtor whose account had previously been written off as bad was recorded in Debtors Control.
- A debtor with a credit balance of R1 700 must be transferred to the Creditors' Ledger.
- An additional storeroom was built during the year and the full amount has been

debited to repairs. An invoice for R400 000 was received.

- H.** A new vehicle was bought on credit for R590 000 on 1 March 2020. A tracking device was installed costing R10 000. This was only recorded under Creditors control.
- I.** On 30 June 2020, equipment which was bought for R200 000 was traded-in against new equipment which cost R240 000 at a loss of R15 000.
- J.** Depreciation is calculated as follows:
 - On vehicles at 20% p.a. on cost
 - On Equipment at 25% on diminishing balance method

3.3.4 STATEMENT OF FINANCIAL POSITION

EXAMPLE 4

SASA LTD

You are presented with the Balance sheet of SASA LTD, fill in the missing amounts to complete this financial statement.

BALANCE SHEET FOR THE YEAR ENDED 28 FEBRUARY 2021		
ASSETS	<i>Notes</i>	
NON-CURRENT ASSETS		4 980 000
Fixed/tangible assets	3	
Financial assets		160 000
CURRENT ASSETS		1 820 000
Inventories	4	956 000
Trade and other receivables	5	
Cash and cash equivalents	6	2 500
TOTAL ASSETS		
EQUITY AND LIABILITIES		
SHAREHOLDERS' EQUITY		
Share capital	7	
Retained income	8	218 200
NON-CURRENT LIABILITIES		
Mortgage Loan (740 000)		
CURRENT LIABILITIES		921 800
Trade and other payables	9	
Bank overdraft		45 300
Current portion of loan		148 000
		6 800 000

WORKED EXAMPLE 4

BALANCE SHEET FOR THE YEAR ENDED 28 FEBRUARY 2021		
ASSETS	<i>Notes</i>	
NON-CURRENT ASSETS		4 980 000
Fixed/tangible assets (4 980 000 - 160 000)	3	4 820 000
Financial assets		160 000
CURRENT ASSETS		1 820 000
Inventories	4	956 000
Trade and other receivables (1 820 000 - 956 000 - 2 500)	5	861 500
Cash and cash equivalents	6	2 500
TOTAL ASSETS		6 800 000
EQUITY AND LIABILITIES		
SHAREHOLDERS' EQUITY		5 286 200
Share capital (5 286 200 - 218 200)	7	5 068 000
Retained income	8	218 200
NON-CURRENT LIABILITIES		592 000
Mortgage Loan (740 000 - 148 000)		592 000
CURRENT LIABILITIES		921 800
Trade and other payables (921 800 - 45 300 - 148 000)	9	728 500
Bank overdraft		45 300
Current portion of loan		148 000
		6 800 000

STRATEGY AND CALCULATIONS

- The total assets are equal to equity and liabilities, the given amount for equity and liabilities will be recorded as total assets.
- Alternative calculation for total assets in this activity is current assets plus non-current assets **(4 980 000 + 1 820 000) = 6 800 000**
- To determine the amount for long term loan, subtract 148 000 of short term loan from the total mortgage loan of 740 000.
- If the short term loan was not provided the following calculation could have been used :
740 000 – 592 000 = 148 000
- If you were given the short term loan (148 000) and 592 000 payable over a long period the calculation for the total mortgage loan would be :
592 000 + 148 000 = 740 000
- To calculate your share capital, you need to first determine the shareholders equity as indicated:
 - **SUBTRACT** non-current liabilities and current liabilities from the total equity and liabilities. **(6 800 000 - 921 800 - 592 000) = 5 286 200**
- To determine the share capital, deduct Retained income from Shareholders equity **(check the equity section of the Balance sheet)**

EXAMPLE 5

DELUHLAZO LTD

You are provided with information for the financial year ended 28 February 2021.

REQUIRED:

Complete the Statement of Financial Position (Balance Sheet) for the year ended 28 February 2021. (Show workings in brackets).

INFORMATION:**A. Balances/Totals for February:**

	2021	2020
Ordinary share capital	8 960 000	6 020 000
Retained income	624 000	434 000
Fixed assets at book value	9 823 405	
Loan: Protea Bank	?	360 000
Fixed deposit	?	
Trading stock	75 680	
Debtors control	45 100	
Creditors control	285 000	
Petty cash	2 500	
Cash float	8 900	
Accrued expenses	7 850	
Accrued income	4 700	
Provision for bad debts	5 150	
Bank overdraft	792 000	
SARS: Income tax (Dr)	11 340	
Interim dividends paid	350 000	

B. Additional information to be used to complete the statement of financial position (Balance sheet):**(a) Share capital and dividends:**

- The company has an authorised share capital of 2 000 000 ordinary shares
- 100 000 shares were repurchased on 31 January 2021, these shares qualify for final dividends.
- On 28 February 2021, 80% of shares were in issue.
- A final dividend of 10 cents per share was declared.

(b) Consumable stores:

Consumable stores amounted to R9 500 and only 75% were used.

(c) Fixed deposit:

The interest on the fixed deposit was R112 500 for the financial year ended 28 February 2021. The fixed deposit was invested on 1 June 2020 at Ivory Bank at 12, 5% interest p.a. Interest is not capitalised.

- (d) **Debtors:**
A debtor with a credit balance of R5 450 is to be transferred to the creditors' ledger.
- (e) **Loan: Protea Bank**
- Interest on loan is capitalised. Interest for the year ended 28 February 2021 was R36 000.
 - Fixed monthly repayments excluding interest is R2 500.
 - R30 000 is expected to be settled during the next financial year.
- (f) **Income tax for 2021:**
- The correct net profit after tax is R850 000.

WORKED EXAMPLE 5

BALANCE SHEET OF DELUHLAZO LTD ON 28 FEBRUARY 2021

ASSETS	
NON-CURRENT ASSETS	11 023 405
Fixed assets	9 823 405
Fixed deposit (112 500 x 100/12,5 x 12/9)	1 200 000
CURRENT ASSETS	150 895
Inventory (75 680 + 2 375)	78 055
Trade and other receivables (45 100 – 5 150 + 4 700 + 11 340 + 5 450)	61 440
Cash and cash equivalents (2 500 + 8 900)	11 400
TOTAL ASSETS	11 174 300
EQUITY AND LIABILITIES	
SHAREHOLDERS' EQUITY	9 584 000
Ordinary share capital	8 960 000
Retained income	624 000
NON-CURRENT LIABILITIES	300 000
Loan (360 000 - 30 000 – 30 000) 2 500 x 12	300 000
CURRENT LIABILITIES	1 290 300
Trade and other payables (285 000 + 7 850 + 5 450)	298 300
Shareholders for dividends	170 000
Current portion of loan	30 000
Bank overdraft	792 000

Strategy and calculations

- Basic formula to calculate the interest on fixed deposit is :

$$\text{Fixed deposit} \quad \times \quad \frac{12.5}{100} \quad \times \quad \frac{9}{12} \quad = \quad 112\,500$$

Note :The amount invested is unknown

The calculation for amount invested is :

$$112\,500 \quad \times \quad \frac{100}{12.5} \quad \times \quad \frac{12}{9} \quad = \quad 1\,200\,000$$

The denominator will be a numerator **except** for 112 500 (interest amount)

- If a debtor with a credit balance is transferred to creditor's ledger it is always advisable to use the T account to indicate the effect of transferred funds.

DR	Debtors' Account	CR	The debtors will increase by 5 450
	Transfer to creditors 5 450	Balance 5 450	

DR	Creditors' Account	CR	The creditors will increase by 5 450
	Transfer to creditors 5 450		

- Final dividends are calculated as follows:

Number of shares issued at the end of year **multiplied** by 80% **plus** number of shares bought back **multiplied** by dividend per share

$$(2\,000\,000 \times 80\%) + 100\,000 \times 0.10 = 170\,000$$

1 600 000

- To calculate the closing balance on the long term loan ,you need to deduct only the capital repayment (exclude interest) from the opening balance .The calculation is:

$$360\,000 - (2\,500 \times 12) = 330\,000$$

30 000

- When you are given the loan statement it is advisable to use the Loan Account or do bottom up and top down calculations to determine the interest, capital repayment and balances.

3.3.5 STATEMENT OF FINANCIAL POSITION AND FINANCIAL INDICATORS

In grade 12 the Statement of Financial Position is integrated with the financial indicators, most of the indicators integrated are covered in grade 10 and 11.

In order to improve understanding of this section you need to master the format of the Balance Sheet and the calculations of figures recorded in the Balance Sheet. The financial indicators will be covered extensively in booklet number three.

BASELINE ASSESSMENT

REQUIRED

Identify the financial indicators denoted by letter A - D from the information provided below:

INFORMATION

FORMULA SHEET	
EXTRACTED FROM GRADE 12 ACCOUNTING FINANCIAL INDICATORS	
Total assets : Total liabilities (A)	Current assets : Current liabilities (B)
(Current assets – Inventories) : Current liabilities (C)	Non-current liabilities : Shareholders' equity
(Trade & other receivables + Cash & cash equivalents) : Current liabilities (D)	
$\frac{\text{Shareholders' equity}}{\text{Number of issued shares}} \times \frac{100}{1}$	

EXPECTED ANSWER

- A. Solvency ratio
- B. Current ratio
- C. Acid test ratio
- D. Acid test ratio

In this manual you will be expected to use financial indicators to determine certain figures that must be recorded in the Balance sheet.

Financial indicators that are relevant to calculation of missing figures from the financial information or the Balance Sheet:

Financial Indicators	Formulae	Answer expressed as :	Source of information
Solvency ratio	Total assets : Total liabilities	Ratio $x : 1$	Balance Sheet
Current ratio	Current assets : Current liabilities	Ratio $x : 1$	Balance Sheet
Acid test ratio	Current assets - inventories : Current liabilities	Ratio $x : 1$	Balance Sheet
Debt-equity ratio (gearing)	Non-current liabilities : Shareholders' equity	Ratio $x : 1$	Balance Sheet
Net Asset value per share	$\frac{\text{Shareholders' Equity}}{\text{Number of shares issued}} \times \frac{100}{1}$	Cents	B/S, Note 7 and 8

NOTE :

- The first three indicators are covered in grade 10 and 11.
- Debt equity ratio is covered in grade 11, the only difference is that grade 11 content focus at partners' equity and in grade 12 the focus is shareholders equity (retained income plus share capital) is used to determine the ratio.
- Net asset value per share will be covered in booklet three. The information or figures used to calculate the indicator is obtainable from the Share capital and Retained income note.

Ratios/Financial indicators that are important for Balance Sheet calculations

Calculate the value of current assets using the following information:

Current Ratio	2:1
Current liabilities	200 000
Current Assets	?

Easy calculation for Current Assets is: $R200\ 000 \times 2 = R400\ 000$

OR

$2 = x$ (Current assets - unknown)

$1 = 200\ 000$ (Current liabilities)

Cross multiply : $1 \times X = X$ and $200\ 000 \times 2 = 400\ 000$

$X = 400\ 000$

If Assets were given you would say :

$2 = 400\ 000$ (Current assets)

$1 = x$ (Current liabilities - unknown)

Cross multiply : $2 \times X = 2X$ and $400\ 000 \times 1 = 400\ 000$

$\frac{2X}{2} = \frac{400\ 000}{2}$

$X = 200\ 000$

OR $400\ 000 \div 2 = 200\ 000$

NOTE : the above steps will assist you to calculate the:

- **Stock** figure using the **Acid test ratio**
- **Shareholders' equity** or the **loan** figure using the **Debt equity ratio**
- **Net asset value per share** - to calculate the **Retained income** or **Share capital**

EXAMPLE 6

Extract from the Pre-adjusted Trial Balance on 28 February 2021		
	Debit	Credit
Balance sheet section		
Trade debtors	?	
Inventories	90 000	
Bank	120 000	
Trade creditors		400 000

Financial indicator	
Current ratio	2 : 1

REQUIRED:

1. Calculate the Current Assets
2. Complete the Current Assets section of the Balance Sheet

WORKED EXAMPLE

NOTE: current assets are twice the amount of current liabilities

Current liabilities = 400 000 (1)

Current asset = Unknown (2)

$$400\,000 \times \frac{2}{1} = 800\,000$$

Extract of the Balance sheet		
Current assets	Current liabilities x 2	800 000
Trade debtors	balancing figure	590 000
Inventories		90 000
Bank		120 000
Current liabilities		400 000
Trade creditors		400 000

Use 800 000 (current assets) to calculate the current liabilities

$$800\,000 \times \frac{1}{2} \text{ OR } 800\,000 \div 2 = 400\,000$$

EXAMPLE 7

Extract of Pre-adjusted Trial Balance on 28 February 2021:		
	Debit	Credit
Balance sheet section		
Ordinary share capital		4 000 000
Retained income		800 000
Loan: Poobie Bank		?

Financial indicator	
Debt: Equity ratio	0,1 : 1

REQUIRED:

1. Complete the Equity and Liabilities section of the Balance Sheet

WORKED EXAMPLE

NOTE: Shareholders equity = (Retained income + Ordinary share capital)
 $4\,000\,000 + 800\,000$
 $= 4\,800\,000$

Loan = 0,1 (unknown figure)

Equity = 1 (known)

$$4\,800\,000 \times \frac{0,1}{1} = 480\,000 \text{ Loan}$$

NOTE: Unknown (Always a numerator)
Known (Always a denominator)

Extract of the Balance sheet	
Equity & Liabilities	
Ordinary shareholders' equity	4 800 000
Ordinary share capital	4 000 000
Retained income	800 000
Non-current liabilities	
Loan: Poobie Bank	480 000

NOTE: the following calculation would be applied in the calculation of Shareholders equity:

$$480\,000 \times \frac{1}{0,1} = 4\,800\,000 \text{ shareholders' equity}$$

EXAMPLE 8

Extract from the Pre-adjusted Trial Balance on 28 February 2021:		
	Debit	Credit
Balance sheet section		
Ordinary share capital		5 200 000
Retained income		?

Note: The Share Capital comprised of 800 000 ordinary shares.

Financial indicator	
Net asset value per share	700 cents

REQUIRED:

1. Complete the Ordinary Shareholders' Equity section of the Balance Sheet.

WORKED EXAMPLE

Net asset value per share is : Shareholders Equity/Number of Shares = x cents

$$\frac{X \text{ (unknown)}}{800\,000} = 700 \text{ cents (equals to R7.00)}$$

$$\frac{x}{800\,000} = R7.00$$

$$\frac{x}{800\,000} \times 800\,000 = R7.00 \times 800\,000 \quad \text{OR} \quad R7.00 \times 800\,000$$

$$x = 5\,600\,000$$

Extract of the Balance sheet	
Equity and Liabilities	
Ordinary shareholders' equity	5 600 000
Ordinary share capital	5 200 000
Retained income (5 600 000 – 5 200 000) balancing figure	400 000

NOTE: To calculate the number of shares:

$$\begin{aligned} &\text{Shareholders' equity} \div \text{NAV} \\ &5\,600\,000 \div R7.00 \\ &= 800\,000 \end{aligned}$$

EXAMPLE 9

NTOKOZO LTD

The information below relates to Ntokozo Ltd. The financial year ended on 28 February 2021.

REQUIRED

Calculate the following amounts for the year ended 29 February 2021:

- A. Current assets
- B. Inventory
- C. Cash and cash equivalents

INFORMATION:

A. List of balances extracted from the accounting records of Sicwetsha Ltd on 28 February 2021

	R
Retained income (28 Feb 2021)	2345 000
Fixed assets at carrying value (28 Feb 2021)	12 208 400
Long term loan (28 Feb 2021)	735 000
Trading stock (balancing figure)	?
Trade and other receivables	345 000
Bank (favourable)	?
Creditors' control	478 000
Accrued expenses (expenses payable)	12 000
SARS: Income tax (provisional tax payments)	1 012 000

B. Inventory (calculations)

= Current Ratio less **Acid Test Ratio**

Formula = Current Assets x $\frac{\text{Inventory (ratio)}}{\text{Current Assets (ratio)}}$

$$= 3\,538\,600 \times \frac{0,5}{1,3}$$

$$= 1\,361\,000$$

C. Cash and Cash Equivalents

= Current Assets – (inventory + Trade and other receivables)

$$= 3\,538\,600 - (1\,361\,000 + 345\,000)$$

1 706 000

$$= 1\,832\,600$$

D. Dividends

A final dividend of 50 cents per share was declared, 3 520 000 shares were in issue .All the shares qualified for dividends.

E. The following financial indicators were calculated after all adjustments had been taken into account:

Current ratio	1,3 : 1
Acid-test ratio	0,8 : 1

SUGGESTED ANSWER AND STRATEGY

A Current assets

Current Ratio is : 1,3 : 1

- Calculate the value of current liabilities first by taking into account the information and adjustments provided in the activity.
- **Calculations:**

Current Liabilities	
Creditors Control	478 000
Accrued expenses	12 000
Short term loan	420 000
Shareholders for dividends (3 520 000 x 50 cents)	1 760 000
SARS – Income tax (3 800 000 x 28%) - 1 012 000	52 000
	2 722 000

Current Liabilities = 2 722 000

Current assets = unknown

$$\begin{array}{l} \therefore 1 = 2\,722\,000 \quad (\text{known}) \\ 1,3 = x \quad (\text{unknown}) \end{array}$$

2 722 000 x unknown

$$2\,722\,000 \times \frac{1,3}{1} = 3\,538\,600 \quad \text{Current assets}$$

B Inventory

Current ratio less current liabilities

$$1,3 - 0,8 = 0,5 \quad (\text{Inventory})$$

$$\text{Formula} = \frac{\text{current assets} \times \text{inventory}}{\text{Current assets}}$$

← (unknown)
← (known)

$$3\,538\,600 \times \frac{0,5}{1,3} = 1\,361\,000 \quad (\text{Inventory})$$

C Cash and cash equivalents or Bank :

Total Assets – (inventory + trade and other receivables) = Bank

$$3\,538\,600 - (1\,361\,000 + 345\,000) = 1\,832\,600$$

1 706 000

4. CONSOLIDATION ACTIVITIES

ACTIVITY 4 : STATEMENT OF FINANCIAL POSITION & SHARE CAPITAL NOTE

BABI LTD

The information provided is for the year ended on 31 August 2020.

REQUIRED:

- 4.1 Complete the Ordinary Share Capital Note. (9)
- 4.2 Complete the Statement of Financial Position (Balance Sheet) on 31 August 2020. (21)

INFORMATION:

A. The following were extracted from the records on 1 March 2020.

Fixed Asset (carrying value)	R 8 121 000
Fixed Deposit: Zako Bank	830 200
Inventory (Refer to Information C)	?
Trade and other receivables (balancing figure)	?
Bank (favourable)	864 800
Cash float	3 000
SARS Income Tax (Provisional tax)	560 000
Ordinary Share Capital	?
Retained Income	14 960
Loan: Tambo Bank	?
Trade and other payables	463 840

B. Share capital and dividends:

- Authorised shares consists of 3 000 000 shares.
- On 1 September 2019, there were 1 800 000 shares in issue.
- On 1 July 2020, the company repurchased 120 000 shares at R7, 20 each, which was 20% above the average share price. These shares do not qualify for final dividends.
- 20% of unissued shares on 1 September 2019 were issued at R6, 60 per share on 25 August 2020.
- A final dividend of 22 cents per share was declared on 31 August 2020.

C. Inventory:

The business sells satellite decoders.

Closing stock of 1260 units must be valued using the first-in-first-out method. Two batches of stock were purchased during the year. There were no missing items.

	NUMBER OF UNITS	COST PRICE PER UNIT	TOTAL COSTS R
Opening stock	1 500	R1 600	2 400 000
Purchases:			
Batch 1 (Nov. 2019)	1 800	R1 750	3 150 000
Batch 2 (June 2020)	1 200	R1 950	2 340 000

D. Loan Statement from Tambo Bank

Balance 1 September 2019	1 840 000
Capitalised interest for the year	130 800
Annual Repayment (Including Interest)	307 200

The capital portion for the repayment of the loan in the next financial year remains the same as the current financial year.

E. Amount owed to SARS on 31 August 2020 is a balancing figure.

ACTIVITY 5**2018 DBE MATERIAL Adapted**

You are provided with information relating to JOB Taylor Ltd for the year ended 28 February 2021.

REQUIRED:

- 5.1 Complete the Retained Income Note to the Balance Sheet or Statement of Financial Position. (10)
- 5.2 Complete the Balance Sheet (Statement of Financial Position) on 28 February 2021. (Show workings in brackets). (40)

INFORMATION:**A. Extract from the Pre-adjustment Trial Balance on 28 February 2021.**

	Debit	Credit
Ordinary share capital (900 000 shares)		R 4 050 000
Retained income (1 March 2016)		345 000
Loan: Vivian Bank (1 March 2016)		750 000
Fixed assets at cost	R 4 350 000	
Accumulated depreciation		650 520
Trading stock	258 740	
Debtors Control	195 000	
Provision for bad debts		4 000
Fixed deposit: Santa Bank	?	
Bank	464 000	
Creditors' Control		101 000
SARS (Income tax)	364 000	
Rent Income		80 150

B. Additional information:

(i) Share Capital

600 000	Shares were issued at the beginning of the current financial year (Average Share Price; R4, 00).
300 000	Additional shares were issued on 1 May 2020 at R5, 50 per share.
75 000	On 28 February 2021, shares were bought back from a shareholder for R450 000. This transaction was not recorded yet. They are entitled to a final dividend.

(ii) Loan agreement with Vivian Bank:

- 7.1 Choose a description from COLUMN B that matches the term in COLUMN A. Write only the letter (A–E) next to the question number (7.1.1– 7.1.5) in the ANSWER BOOK.

COLUMN A		COLUMN B	
7.1.1	Income Statement	A	an explanation of the operations of the company during a financial year
7.1.2	Balance Sheet	B	reflects whether or not the shareholders can rely on the financial statements
7.1.3	Cash Flow Statement	C	reflects the profit/loss of the company for the year
7.1.4	Directors' report	D	reflects the effect of the operating, financing and investing activities on the cash resources
7.1.5	Independent audit report	E	reflects the net worth of the company

(5 x 1)

(5)

7.2 ORBIT LTD

Refer to the information from the records of Orbit Ltd for the financial year ended 30 June 2021.

REQUIRED:

- 7.2.1 Prepare the following notes to the Balance Sheet:
- (a) Ordinary share capital (8)
 - (b) Retained income (11)
- 7.2.2 Complete the Balance Sheet on 30 June 2021. Where notes are not required, show ALL workings in brackets. (28)
- 7.2.3 The CFO (chief financial officer), Barry Wright, has convinced the company to buy back a further 400 000 shares from his close relative during the next financial year. Barry currently owns 1 904 400 shares in this company, which is 46% of the issued shares.
- As a shareholder, explain your concern regarding the proposed buy-back of shares. Provide calculations to support your concern. (6)

INFORMATION:

A. Extract from the books on 30 June 2021:

Fixed/Tangible assets (carrying value)	?
Fixed deposit: Morocco Bank	380 000
Ordinary share capital (1 July 2020)	3 150 000
Retained income (1 July 2020)	874 000
Bank (favourable)	250 700
Loan: Helping Bank	302 400
Trading stock	478 000
Debtors' control	317 000
Creditors' control	239 800
Income received in advance	6 600
SARS: Income tax (provisional payments)	390 000
Dividends on ordinary shares (interim dividends)	630 000

B. Share capital:

- The business has an authorised share capital of 6 000 000 shares.
- 70% of the shares were in issue on 1 July 2020.
- 60 000 ordinary shares were repurchased from a disgruntled shareholder on 1 December 2020. The company paid R3,50 per share. This was paid and recorded on 1 December 2020.

C. A final dividend of 22 cents per share was declared on 30 June 2021. Only shares in the share register qualify for final dividends.

D. The following adjustments have not been taken into account yet:

- Provision for bad debts is set at 5% of the outstanding debtors.
- Insurance included an annual premium of R31 800, paid for the period 1 October 2020 to 30 September 2021.

E. The loan statement from Helping Bank reflected the following:

Balance on 1 July 2020	R480 000
Repayments during financial year (including interest)	R177 600
Interest capitalised	R57 600
Balance on 30 June 2021	?

R40 000 of the loan will be paid back in the next financial year.

F. Income tax for the year amounted to R408 800. This was calculated at 28% of the corrected net profit.

BALANCE SHEET

8.1 Choose an explanation in COLUMN B that matches the term in COLUMN A. Write only the letters (A–E) next to the question numbers (8.1.1 to 8.1.5) in the ANSWER BOOK.

COLUMN A	COLUMN B
8.1.1 Internal auditor	A appointed by shareholders to manage a company
8.1.2 Memorandum of incorporation (MOI)	B the body responsible for registration of all companies
8.1.3 Limited liability	C employed by a company to ensure good internal control procedures
8.1.4 Director	D indicates that a company has a legal personality of its own
8.1.5 Companies and Intellectual Property Commission (CIPC)	E the document that establishes the rules and procedures of a company

(5 x 1) (5)

8.2 **VISIV LTD**

The financial year ended on 28 February 2019.

REQUIRED:

8.2.1 Calculate:

- Amounts for **(i)** and **(ii)** in the Fixed Assets Register (5)
- Profit/Loss on sale of asset (2)
- Fixed assets carrying value on 28 February 2019 (4)

8.2.2 Calculate the correct net profit **after tax** for the year ended 28 February 2019. Indicate (+) for increase and (–) for decrease. (9)

8.2.3 Refer to Information A–H. Prepare the following on 28 February 2019:

- Retained Income Note (9)
- Statement of Financial Position (Balance Sheet). (27)

NOTE: Show workings. Certain figures are provided in the ANSWER BOOK.

INFORMATION:

A. Fixed assets:

A delivery vehicle was sold on 31 October 2018 but no entries were made to record this transaction.

Details of vehicle sold:

Delivery Vehicle X43			
Date purchased: 1 March 2016			
Date sold: 31 October 2018		Sold for: R195 000 (cash)	
Depreciation rate: 25% p.a. (diminishing-balance method)			
	COST	DEPRECIATION	CARRYING VALUE
28 February 2017	R400 000	R100 000	R300 000
28 February 2018		75 000	225 000
31 October 2018		(i)	(ii)

B. List of balances/totals on 28 February 2019 (before taking into account all adjustments below):

Ordinary share capital	R8 152 000
Retained income (1 March 2018)	865 300
Mortgage loan: Prati Bank	1 758 000
Fixed assets (carrying value)	10 190 000
Fixed deposit: Prati Bank (balancing figure)	?
Trading stock	1 102 000
Net trade debtors	1 090 000
Bank (favourable)	?
SARS: Income tax (provisional tax payments)	155 000
Creditors' control	1 981 800

C. Net profit before tax, R822 700, was calculated **before** correcting the following:

- Provision for bad debts must be increased by R65 000.
- R9 800 of an advertising contract applies to the next financial year.
- A tenant paid rent of R334 000 for the period 1 March 2018 to 31 March 2019. Rent was increased by R3 000 per month from 1 January 2019.
- Depreciation and profit/loss on the vehicle sold must be recorded.
- A further R43 000 is owed for income tax.

D. Ordinary shares:

DATE	DETAILS
1 March 2018	2 000 000 shares in issue; total book value R7 600 000
31 May 2018	360 000 shares repurchased at R4,10 each
1 October 2018	800 000 new shares issued
28 February 2019	2 440 000 shares in issue

E. Dividends:

- Interim dividends were paid in September 2018, R295 200.
- Final dividends of 20c per share were declared on 28 February 2019.

F. A creditor with a debit balance of R7 600 must be transferred to the Debtors' Ledger.

G. After processing all adjustments:

- The current ratio is 0, 8: 1.
- The current liabilities totalled R2 900 000.
- The current portion of the loan is the balancing figure.

TRADE AND OTHER RECEIVABLES

Debtors control (138 500 - 2 100 + 750 + 1 700) check the T Account	138 850	Workings - rent income 191 100 – (700 x 3) 189 000 + 3 500 192 500 ÷ 11 17 500 + 700 = 18 200
Provision for bad debts (7 850 + 2 150)	(10 000)	
Net Trade debtors	128 850	
Accrued income	18 200	
Prepaid expense (22 950/9) x 3	7 650	
	154 700	

NOTES AND STRATEGY

DR	Debtors' Account		CR
Transfer to creditors	1 700	Balance	1 700

R1 700 will be added to debtors control

- **Provision for bad debts** – R2 150 (R10 000 -7 850) will be recorded in the Income Statement under expenses because the **provision has increased**.
- **Depreciation on vehicles** : New asset - 600 000 x 20% x 4/12 = 400 000
Old assets : R185 000 – R1 = R184 999
400 000 + 184 999 = 224 999

Asset Disposal			
Equipment	200 000	Accumulated Depreciation	119 950
		Creditors Control	65 050

7. EXAMINATION GUIDANCE

1. The Statement of Financial Position is generally tested as an application-type question that involve many calculations for the different amounts for each section.
2. It is also combined with financial indicators, they are used to determine the amounts missing in the Balance sheet.
3. All Accounting questions follow the same layout. The “REQUIRED” is provided first, followed by the “INFORMATION” needed to answer the questions. Some of the information provided may not be required for any calculations. These, we call “distractors”. Do not be confused.
4. The sub-questions are repeated in the ANSWER BOOK, to assist with time management. Take note of specific information included in the ANSWER BOOK. If columns or spaces on statements are shaded, this indicates that you are not required to calculate those amounts and those amounts have no bearing on the answers required.
5. You should read the sub-questions carefully and highlight the relevant information such as verbs (what are you expected to do) and key dates to ensure that you use the correct number of months in your calculations.
6. Since all the information is presented separately from what is required, you must be able to identify the specific, relevant information that is needed to answer each sub-question; example, to calculate the amount owed to or receivable from SARS, you will need the income tax amount (on the Income Statement) and the provisional tax paid (from the additional information / Pre-adjustment Trial Balance).
7. Highlight all the amounts you have used, as these may not be used in other calculations.
8. Show all workings, to ensure that maximum part marks can be achieved.
9. Use your answers in following calculations where applicable; method marks will apply in these instances.
10. Do not rely on the answer book for the structure or format of the Balance sheet, the examiner may decide to leave out some of the balance sheet items. Inspect your answer book to identify amounts that are already entered.

8. GENERAL STUDY AND EXAMINATION TIPS

- Note that the Accounting content is now split into TWO papers;
 - P1 Financial Reporting and Evaluation 150 marks 2 hours
 - P2 Managerial accounting and internal controls 150 marks 2 hours
- It is important to be familiar with the specific content for each paper so that you can plan effectively for the examinations. Note that certain topics are relevant to both papers and some topics may be integrated in one question.
- Obtain many past examination papers, the examination guidelines and exemplar papers to form the basis of your study programme.
- Prepare a functional study time table and focus on specific topics at different intervals. Align this to time management; exploring short-cuts for calculations, frequently asked predictable questions and recommended responses for interpretive questions.
- Pay close attention to the language used in past papers such as key vocabulary and action verbs.
- For calculations, always show all workings – they carry many part marks.
- Familiarize yourself with the structure and layout of Questions. They follow the same pattern which is: Appetizer, Required, Information.
- Note that the ANSWER BOOK is a vital part of the Question Paper, as many amounts and details will be included for most Questions. This is a time-saving device. Ensure that you include these amounts in your final answers, where relevant.
- Always arrive at least 30 minutes before the commencement of the paper. You will then be able to easily take care of all the administration requirements and to make effective use of your 10 minutes reading time.
- Use the reading time to get a global picture of the paper, and identify where you wish to start (according to your strengths). You already have the ANSWER BOOK to assist in this regard. Simply go to the relevant pages for that Question.
- You can also answer the sub-questions in any order; always insert what is given, working from the simple to the more challenging.
- Write legibly and neatly; markers must be clear about your answers.
- Keep your comments short and to-the-point. The mark allocation is your guide about the expected length of your response.
- Have your own stationery and a good calculator (even a spare – just in case).

ACKNOWLEDGEMENTS

The Department of Basic Education (DBE) gratefully acknowledges the following officials for giving up their valuable time and families, and for contributing their knowledge and expertise to develop this study guide for the children of our country, under very stringent conditions of COVID-19.

Writers:

Poobie Govender, Mbangwa Shabalala, Beauty Mpanza, Tabile Nobhala, Nosipho Sicwetssha, Vuyisile Deluhlazo and Nomsa Bikitsha.

DBE Subject Specialist: Percy Masango

The development of the Study Guide was managed and coordinated by Ms Cheryl Weston and Dr Sandy Malapile.
